CANNERY FIRE LOSS MAY BE FOUR TIMES EARLIER REPORTED FIGURE OF \$4000

A one-story workshop with an upper deck used for storage of tools and mechanical supplies was gutted Monday afternoon at the East Campbell Avenue plant of Hunt Foods, Inc., when a fire of unknown origin broke out shortly after noon. Frank C. Silva, plant superintendent, said the loss may run to four or five times the earlier reported figure of \$4000 when inventories and search of the building have been completed.

The Campbell Volunteer Fire Department was summoned at 12:25 p.m., when plant employee Angelo Lacinola reported the fire. Silva said the mechanical store attendant, Joe Henken, had left for lunch at 12:15 p.m., locking the door as was customary due to the value of equipment stored in the building. One of the employees who had spotted the fire attempted to enter the building and extinguish the blaze but was unable to do so. The fire was brought under control by the volunteers within 10 minutes, but the firefighters worked for over an hour to complete their work.

The corrugated iron building itself was not damaged, nor was the workshop on the lower floor, to any great extent. Silva said the fire was concentrated in the tool storage deck of the building which was constructed in 1927. He said the burned area will be repaired, but the tool storage room will probably be moved to the lower floor of the structure.

The fire caused a delay in installation of peach canning equipment but cannery operations were not halted.

Workmen are currently sifting the debris and taking inventory to establish amount of the loss, Silva added. Insurance adjusters are working with the plant management.

BRUSH BLAZE

A brush fire along Los Gatos Creek near Whiteoaks Road and Redding Avenue created an hour-long blaze which was brought under control Tuesday by Central Fire District crews.

Local Man Meets Death In Accident

Roy Bob Adams, 29, of Campbell, was killed early Saturday morning, June 24, on the Saratoga-Santa Clara Rd., near Williams Road, when his speeding car skidded off the road and struck an orchard irrigation ditch, overturning the vehicle.

Highway patrolmen found Adams pinned under the car at 5:50 a.m. He was removed by ambulance to the Emergency Aid Station in San Jose where he was pronounced dead on arrival.

In the absence of relatives at the time of the accident, Deputy Coroner John E. Dowdle investigating for Coroner Tom Kilmartin, determined his residence as 1013 Walnut Drive in Campbell from information found in personal effects. He at once had the body removed to the John E. Dowdle Mortuary in San Jose.

Adams is survived by his father, Jack Adams of Jasper, Texas, four sisters and two brothers. His body was forwarded to Newton, Texas, for interment.

CRIME METHODS TOLD KIWANIS BY S.J. DETECTIVE

Captain of Detectives Bart Collins of the San Jose Police Department, was the guest speaker at the Campbell Kiwanis Club meeting Tuesday noon. G. E. Farley was program chairman for the day.

Collins, who has a splendid background of training for his present position, spoke on "Crime and Detection," presenting a general picture of present postwar crime conditions in California. Many problems have arisen, he told Kiwanians, due to an almost doubling of the population of the state within the last few years plus a lack of up to date laws to handle the situation.

AIDS CRIMINALS

Rapid means of transportation available to the young criminals today have proved an aid to their unlawful activities, said Collins in describing several cases in which the lawbreakers within a very short time were disposing of their loot all the way across the country.

Many check artists are on the loose at the present time, the speaker continued, and the police are constantly on the alert to apprehend them. The methods used by professional check passers and writers were described in part by Collins, and he also touched on professional shoplifting.

The speaker closed with an appeal to all citizens to cooperate with law enforcement agencies in making it more difficult for the criminal to practice his trade.

Guests at the meeting, who were introduced, were William Balch, Los Gatos; Leon Lederman, San Angelo, Texas; Fred Bradman, San Marino; Phillip Farley, Washington, D.C., and Darwin Lee, San Jose.

Victim of Polio, Jane Clark, Has Returned Home

Little Jane Clark who was struck by diphtheria-polio three weeks ago last Tuesday, is home in Campbell again, and on the road to complete recovery. Her parents, Mr. and Mrs. Earl G. Clark of 126 E. Campbell Avenue, saw her for the first time since she entered the County Hospital isolation ward three weeks ago, on Wednesday when they learned they could bring her home. Only a few days before they had been told their daughter would probably be in the hospital for many more days of care and treatment.

Doctors notified the Clarks on Wednesday that they had done all they could, and that therapy treatments must do the rest in bringing back full recovery to the five-year-old girl's paralyzed shoulders and right arm. Jane, who is left handed, still has control of her left hand which was not as seriously affected as were the right hand and arm. She will remain at the Clark residence and will undergo treatment there as recommended by the orthopedic specialist in charge. It is believed that she may need the help of a shoulder brace for the first few months of her recovery.

Mr. and Mrs. Clark extended their thanks to the many residents of Campbell and surrounding communities who sent letters, cards and gifts to their daughter while she was in the isolation ward. Attendants there said she received more mail than had any adult patient in their memory.

When little Jane's illness was diagnosed as infantile paralysis three weeks ago, only one other case in the county was reported, and this was in the eastern foothills where several other cases have since been reported. Her parents were at a loss to account for their daughter's contraction of the disease since the family had been staying at home where Jane's younger brother, Jimmy, one year old, was slightly ill.

MINISTERS MEETING

MORE DONATIONS RAISE LIGHTING FUND TO \$549

Plans for erecting booths for the softball field lighting fund carnival were discussed at the meeting Monday night of the carnival committee. Booths will be erected on the grounds Tuesday evening, July 5.

All clubs participating in the carnival are asked to have their decorations completed by Thursday evening, July 7, in order that the Campbell Fire Department crews may fireproof them, Mrs. Mary Grey, chairman, announced.

The committee has expressed its thanks for the donation of time and machinery by Gray and Son Excavating Company which leveled the grounds for the carnival which will be held July 8 and 9 at Rincon and Winchester Roads.

Latest donations received for the softball fund were those from Maderis Food Center, \$50; Campbell Garden Club, \$10; Rheas Golden Rule Store, \$10; Exchange Linen Service, \$10. The fund total is now \$549, and it is hoped that the carnival and further donations will carry the amount up to the \$8000 needed to install the lighting system at the Campbell Union Grammar School athletic field.

Supervisors Grant Commercial Zone Near Moreland

Although members of the Santa Clara County Planning Commission turned down application of Elsie and Josephine Colombo to rezone a tract near Moreland School for commercial use, the County Board of Supervisors reversed the decision Monday and authorized the rezoning.

Rezoning of the 24-acre tract, located at Payne and Saratoga Avenues diagonally opposite the school, from residential to commercial was granted by the board with agreement that the owners not seek to improve the site commercially until 15 new residences have been built in the immediate neighborhood.

Last spring when the matter was presented to the Planning Commission, residents and members of the Parent-Teacher Association expressed strong opposition to the proposal.

PEABODY AND TWO OTHERS BUY GILROY PAPER

Sale of the Gilroy Dispatch, published five days a week, to Patrick A. Peabody, former publisher of the Campbell Press, was announced Saturday by William G. Werner, owner and publisher of the Dispatch. Sale was handled by San Francisco newspaper broker Arthur W. Stypes and Clayton & Co., San Jose. Sale price was said to run into six figures.

Werner said the paper was sold to a corporation composed of Peabody, his cousin Joseph Houghteling, and George R. Kane. Houghteling had been active in the photographing and advertising departments in Peabody's former publishing plant, the Standard Press. Kane was managing editor of the Standard Press plant which at that time published the Campbell Press, Saratoga Observer, Sunnyvale Standard and Los Altos News. The trio will assume operation of the Dispatch today.

Peabody, who sold the Campbell paper to Max L. Freeman and Eugene W. Barnes last October, heads the company which operates Radio Station KSJO in San Jose. He sold the Saratoga, Sunnyvale and Los Altos papers to Edd E. Rountree in January. The Saratoga Observer was sold April 1 to Eugene W. Barnes and Clifford T. Cassidy, publishers of the Campbell Press.

Werner said he would vacation for a while, then return to the newspaper field. He has been publisher of the Dispatch since 1941.

Neglect Charge Against Hospital Filed By Attorney

Complaint was filed Monday with the Board of Supervisors charging gross negligence on the part of the Santa Clara County Hospital management and staff in care of Mrs. Evelyn Gillard who makes her home with her father, Lambert A. Anderson at 745 Fewtrell Drive, Campbell. The charges were made in a letter from Attorney Marvin Sherwin of Oakland.

Sherwin said Mrs. Gillard was injured when she was hit by an automobile April 17 in Alameda. She was first admitted to the Highland Hospital, Alameda County, then was moved to the Santa Clara County Hospital May 4 when it was learned she was a resident of this county.

Within a few days after her admission to the latter hospital, Sherwin contends, Mrs. Gillard was listed as an out patient and was taken to the home of her father. The attorney charges she is still in need of constant treatment and that alleged neglect by the hospital management and staff "may result in permanent impairment" of her left leg.

The supervisors referred the matter to County Counsel Howard W. Campen.

Police committee members of the Campbell Chamber of Commerce announced today that they are ready to receive written applications for operation of a merchant patrol service in the commercial area of the community. Originally formed by a written vote of the Campbell merchants, the committee was authorized by the businessmen to study the situation and propose a solution.

Lorraine Wood Back From Girls State Where Delegates Practice Democracy

Lorraine Wood, Campbell High School delegate to Girls State, has returned from the week-long government study session held in Sacramento June 16 to 23. The daughter of Mr. and Mrs. Ray Wood of Rincon Avenue was selected by the faculty and principal of Campbell Union High School to attend the program which is sponsored by the American Legion Auxiliary. Members of Campbell American Legion Auxiliary sponsored Miss Wood.

Girls States are held annually in each state of the union, and this year 10,000 girls throughout the country experienced this practice in citizenship and government in 48 states. At Sacramento, there were 350 girls taking training in democratic leadership, the Legion Auxiliary's annual contribution to the future of America.

HIGH STANDARDS

Only girls who have completed their third year in high school are eligible to attend, and they must meet high standards of qualification in leadership, character, courage, honesty, scholarship and cooperativeness. Each girl is sponsored by a local unit of the Auxiliary or some other organization of her home community which pays her Girls State expenses.

Lorraine, a gifted young pianist, will be a senior next year at Campbell High. Her field is music and she plans to go on with her education at San Jose State college upon completion of her high school work. She is church organist at the Campbell Congregational Church and is a member of the local branch of the California Scholarship Federation. She is native to Campbell and is a former member of the Campfire Girls.

Capable directors with large and experienced staffs guide the girls in their Girls State activities. Many older girls who have attended in previous years return as counselors.

After they arrive for Girls State, the delegates organize two political parties usually Nationalist and Federalist, then hold conventions and nominate candidates for state officers. Then follow political campaigns which end with election of a Girls State Governor and state officers. Girls are grouped into "cities" and "counties" and elect officers to operate these divisions as well.

OPERATE GOVERNMENT

Following the elections, the girls operate the machinery of government from governor on down, hold legislative meetings, debate bills and enact laws. Judges preside at "court sessions" and the various officers carry out the work of their departments.

Lorraine was a city health officer and a county engineer.

During the week, various real state officials speak to the girls and explain the workings of their branches of government. These speakers usually include state governors, judges, member of state legislatures, and other public officials.

Recreation plays a part in the program, usually during the afternoon, when the Girls Staters swim, play tennis, and use the athletic fields made available to them during the week.

At the close of the week, each Girls State selects two of its outstanding members to attend Girls Nation at Washington, D.C. This year Girls Nation will be held on the American University campus, August 21 to 27, where the delegates will study and practice national government. Delegates chosen from California were Rosemary Rood of Chico and Becky Lynch of southern California.

Marine Corps Enlistments Open For Men 17 to 28

Effective July 1, the U.S. Marine Corps will once more accept applications from young men, 17 to 28, for 3- and 4-year enlistments. This announcement was made by SSgt. Milton A. Barden, NCO in charge of the San Jose Marine recruiting office. The last month in which enlistments were effected was February, following which budget limitations made it impossible to accept young men for 3 or 4 year enlistments.

As in the past, applications of young men aged 18 for one year enlistments and those of young women between the ages of 20 and 31 for 3 and 4 year enlistments will continue to be processed. Quota vacancies in both of these categories now exist, and applications may be made for any type enlistment at the Marine Corps Recruiting Station, Room 227, Post Office Building, San Jose, California.

Beverlee Ann Jensen Exchanges Vows With Richard Lee Andrews of San Jose

The Congregational Church of Campbell provided a picturesque setting for the nuptial ceremony at which Miss Beverlee Ann Jensen changed her name to Mrs. Richard Lee Andrews.

In front of the large stained glass window stood an altar table covered in white satin holding an open Bible. Candelabra and baskets of white gladioli with magnolia blossoms flanked the Chancel. Esther Reed daisies marked the white carpeted aisle.

Preceding the ceremony read by Rev. Corwin Olds, the tapers were lit by Carol Price and Patricia Ralston attired in pastel formal. The bride was given in marriage by her father, Mr. Henry Jensen.

The bride's wedding costume of imported Swiss organdy of an all over embroidered pattern was fashioned with fitted bodice, bertha collar, long pointed sleeves and a full skirt which swept into a train. Her fingertip veil cascaded from a jillard cap of the embroidered organdy. The bride carried a Job's Daughters white Bible with white orchid and bouvardia streamers.

HONOR ATTENDANT

Mrs. Kenneth Sheets preceded her sister as matron of honor in a gown of imported orchid organdy over orchid taffeta. Her frock was styled with double bertha collar full skirt and wide organdy sash. To complement her costume she carried orchid Esther Reed daisies with matching head dress. Serving as bridesmaids were Mrs. Dave Bradbury (Margaret Currie), Jacqueline Short and Barbara Leigh. Their orchid gowns were fashioned identically like that of the matron of honor and they carried yellow Esther Reed daisies and matching head dresses. Little Miss Maurine Edgmon, flower girl, was dressed in yellow organdy and carried a basket of orchid sweetpeas, with sweetpeas in her hair.

Tom Andrews served as best man for his brother, and Kenneth William Jensen, brother of the bride, Don Newman and Roy Holeman acted as ushers. The wedding music was played by Mrs. Mary Pollard of Campbell and Peter Horn of Los Gatos was soloist.

A navy blue crepe ensemble and hat with white pique trim and white accessories was worn by the bride's mother for the ceremony. The benedict's mother was attired in a navy print suit dress, with navy hat. Both wore orchid corsages.

After the ceremony a reception was held in the garden of the bridegroom's parents' home on Cherry Avenue, in San Jose. The bride's table, covered with a hand-made lace cloth, held a three-tiered wedding cake surrounded by Esther Reed daisies.

When the newlyweds departed on their honeymoon at Lake Tahoe, Mrs. Andrews wore a melon colored suit with navy and white accessories.

The former Miss Jensen graduated from Campbell High school and attended San Jose State college. She is junior past queen of Job's Daughters Bethel 174.

Mr. Andrews graduated from San Jose schools and also attended San Jose State college. He is past master of the Order of DeMolay of San Jose. During the war he served with the Navy. Both bride and groom plan to resume their studies at San Jose State college next fall. They are at home to their friends at 1115 S. 11th Street, San Jose.

CREAM a can of tuna fish quickly by adding to it a can of condensed cream of mushroom soup along with 2 tablespoons of cream and ¼ cup of sliced stuffed olives. Serve hot in a noodle ring for an easy supper.

A nice garnish for a potato salad consists of spreading seasoned cream cheese on thin slices of salami, then rolling them into a cornucopia. Place these around the platter.

Midget-sized meat balls make an elegant garnish for soup. Dip marble sized meat balls in flour, fry in hot fat and add to hot soup just before serving.

RECIPE OF THE WEEK

Stuffed Spareribs

(Serves 8)
2 sides spareribs
2 teaspoons salt
4 slices pineapple
8 cooked prunes, pitted
2 large apples, quartered
¼ cup brown sugar
Place one side of spareribs on rack in open roasting pan. Sprinkle half the salt over the meat. Arrange pineapple, prunes and apples over meat. Sprinkle sugar over fruit and place second side of spareribs on top. Sprinkle with remaining salt. Bake in a moderate (350° F.) oven for 2 hours.

Add 1 tablespoon of marmalade to 1 cup of top milk. Serve this over cereal instead of plain milk for a breakfast treat.

Combine bacon and pancakes to get the full effect from this delightful pair. Pour pancake batter over strips of cooked bacon and bake as usual.

Ever try stuffed lamb chops? Make a slit in the fat side of the whole length of double thick lamb chops, cutting nearly to the bone. Fill with rinsed and drained seedless raisins. Bake or broil the chops.

Mix flaked crabmeat with chopped hard-cooked eggs, mayonnaise and season to taste. Spread on slices of bread which have been toasted only on one side. Top with slices of cheese, then broil until cheese melts. Serve hot.

WE SALUTE . . .

Uncle Sam

With the world's brow full of worry wrinkles and all of us praying for a workable peace, the beloved old "Uncle" who symbolizes our nation becomes the most important "relative" we can have! So let's pause, now and then, in our busy preoccupations and silently thank God for the strength of our Government. Stephen Decatur said "right or wrong, this is my country." And the spirit of his loyalty lives on today as never before. It may be that our statesmen are not always far visioned, but their sincerity is never questioned nor their motives impugned. United we stand, the United States of America . . . the Land over which Uncle Sam is continuously watchful!

NOW 3 OUT OF 4 TELEPHONE ORDERS FILLED IN A MONTH

In some fastest-growing areas
the wait still is long—but we're
making steady progress

2. Hundreds of miles of telephone cables have been going in at a fast clip. But these voice-highways are still bottlenecked in some places—in many of our fastest-growing areas, practically no telephones can be installed for months . . . until the lines and other facilities can catch up with the mushrooming demand. The telephone picture looks better . . . but it's not yet all we want it to be.

4. Huge sums of money have gone to work in the West to make this new equipment possible—and your own telephone more valuable. Millions must come—not from bills—but from people who put savings into the telephone business. To attract these dollars, we must pay a reasonable amount for their use . . . must sell our services at fair, adequate prices.

The Pacific Telephone and Telegraph Company

Your telephone is one of today's biggest bargains

1. Installers have been working fast the first half of 1949 . . . keeping up their pace of the postwar years. Here in the West, 145,000 new telephones will have gone into service in the first six months of the year. Although new orders keep pouring in, we're able to take care of them faster. Seventy-two per cent are filled within thirty days—that's practically three out of four.

3. Nearly a million and a half tiny soldered connections must be made before new equipment like this can begin working in a medium-sized office. But we're hurrying all we can to make the waiting time shorter still. Your telephone needs are very real to us and we won't be satisfied until everyone . . . everywhere in the West . . . has more and better telephone service than ever before.

CHRISTIAN SCIENCE LECTURE-SERMON

"I will say of the Lord, He is my refuge and my fortress: my God; in him will I trust." This verse from the 91st Psalm is the Golden Text of the Christian Science Lesson-Sermon for Sunday, July 3, on the subject "God."

Included in the sermon are the following citations:

The Bible: "And, behold, there was a woman which had a spirit of infirmity eighteen years, and was bowed together, and could in no wise lift up herself. And when Jesus saw her, he called her to him, and said unto her, Woman, thou art loosed from thine infirmity. And he laid his hands on her; and immediately she was made straight, and glorified God." (Luke 13:11-13).

"Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Jesus marked out the way. Citizens of the world, accept the 'glorious liberty of the children of God,' and be free! This is your divine right" (p. 227).

C. MILTON MORRIS, Pres., Optimists International, in S. F.—"A man with a little optimism in his soul is better equipped to meet the problems of life."

EXCITEMENT IN DEXTER

By RICHARD HILL WILKINSON

"THINGS of an exciting nature," said Elmer Stone, "happened so seldom in Dexter that once anything unusual did occur folks became all agog. It was like that when Leon Keyes took up residence at the Suncook Hotel. Folks whose curiosity got the best of them learned that Mr. Keyes' home was in Boston and that he'd come to Dexter for a purpose—and they didn't learn any more.

"Al Kittering, who owned and operated Dexter's drug emporium, was perhaps disturbed by the mystery more than any one else.

"Strangely enough, Mr. Keyes didn't seem the least annoyed at Al's persistent interrogating. He was a young man, tall and dark, with a good-natured twinkle in his brown eyes.

He was a young man, tall and dark, with a good-natured twinkle in his brown eyes.

eyes. He was, Al discovered, equally as good at offering veiled answers as Al was at asking veiled questions.

"It was about three weeks after Mr. Keyes' advent that a group of us dropped into Al's store one night for the usual evening chat. We found the storekeeper in a high state of excitement.

"Boys," he said in a hoarse whisper, "Mr. Keyes is an escaped criminal! He's a fugitive from justice!"

"Al wet his lips and looked triumphantly from one face to the other. 'Yesterday,' he went on, 'Mr. Keyes was in the store near all afternoon. About 4 o'clock I went back to put up a prescription. Five minutes later when I come out, there was Mr. Keyes behind the counter examining the bottles on the shelves.

"Aaron Crosscup exploded, 'Looking at a bottle don't make a guy a criminal!'

"Don't it though! Al cried. 'Don't it though! Well, that's because you ain't got no power of deduction, Aaron Crosscup! Just figure it out. He must be up here for a purpose and that purpose he's keepin' to himself. An' where is there a better place for a man to hide who's tryin' to escape the law? Where better?'

"Two days after that something happened to substantiate Al Kittering's deductions. Fred Estes, returning home from his usual Wednesday

night call on the girl of his dreams, Anna Fringle, noticed in passing the drugstore that someone was inside. Curious, he paused and peered in the window. At sight of Leon Keyes emerging from behind the counter, Fred let out a whoop and started down the street toward Constable Hayford's house.

"By the time Constable Hayford had pinned on his official badge and reached the scene of action, Mr. Keyes had departed. The glass in the front door had been broken, giving evidence of the manner in which he had made his escape.

"Presently a great crowd had gathered before the drug store.

"Just then the roar of an automobile was heard at the north end of the town, and a moment later a pair of headlights appeared and drew rapidly near. The astonished villagers stood in a huddled group near the drug store and watched, horrified, as the car came tearing down Main street at breakneck speed, swerved to avoid crashing into the horse trough in the square, careened, righted itself, skidded toward the curb and presently smashed with a great roaring and splintering sound into a wooden fence.

"Before the alarmed citizens could gather their wits, another car appeared, charging down the street with equal speed. Fortunately, however, the second car's driver seemed to know the lay of the land. The car stopped with a squealing of brakes near the shattered fence, and from it there tumbled eight men, armed with rifles.

"Dexter could never remember such an exciting evening. After a moment there came from behind the ruined fence four men with hands uplifted, and in the back of the four strode the armed eight, rifles held ready. Up the street they marched, stopping in front of the drug store. One of the eight detached himself from the group and approached Constable Hayford.

"Evening, Mr. Hayford," he said. 'Mind lending us your jail for the rest of the night? These fellers are dope smugglers from Canada. We anticipated their run tonight.'

"Constable Hayford stared and gulped. For the speaker was Leon Keyes!

"Yes, Leon Keyes was a government agent, had been one of many posted along the line the smugglers followed in their running from Canada. Early that evening he had received word of the trap and had used the drug store telephone, which was then one of the few in town, to relay his message. Leon has a sense of humor and has never mentioned to Al Kittering that he suspects the storekeeper of knowing he was in the telephone booth that night—knew it and locked him in, hoping that some one would see him there, which would substantiate Al's position statement that the stranger was a criminal."

Robert Short, 18, grandson of Mr. and Mrs. J. M. Shaddox of 42 Gilman Street, Campbell, was killed last weekend in an accident on the Alviso Road. He is the son of Mr. and Mrs. L. E. Short of Alviso.

Funeral services were conducted for the youth Monday at 2 p.m. from the Rutherford Funeral Home, Campbell. The Rev. Leo Wolf, former pastor of the Union Church in the Union District, officiated at the services. Interment was at Santa Clara City Cemetery.

Robert was the brother of Wilbur and Frank Short of Alviso. His paternal grandparents are Mr. and Mrs. A. D. Short of Gilroy. Other members of the family who survive him are his uncles Claude, Joseph and Carl Shaddox of Campbell, Delore Short and two aunts, Mildred Delk and Modice Cooper.

Don Carnegie

"HOW TO WIN FRIENDS and INFLUENCE PEOPLE"

ARE PEOPLE happier because of your presence? Maybe you don't know, but it wouldn't take much of an effort for you to find out. There are certain things that can be counted on to make people happy. Laughter is one of them. People like you if you lighten their hearts; a little child, even a baby, likes you if you make him laugh.

D. Carnegie

Don Marquis, who in 1938 went on to what I am sure is his Great Reward, will be remembered by his friends with tenderness and appreciation as long as they live. He made them happier by his presence while on earth. He will be remembered by readers and students for how long no one can foretell. His publishers bring out a new edition of his works every few years, and the sales are as great as when Don lived. It makes people happier to read Don's work.

Not long ago I paid a call on Don's sister who lives near my home. A representative of the oil company was there. We spoke of Don, and his writings. Said he: "I subscribed for the newspaper he was writing for 20 years ago just to read what Mr. Marquis' characters, Archy and Mehitabel, had to say about this and that. I still take the paper, but I don't read it much any more."

Don originated clever lines that have been cribbed and used by dozens of writers. It was he who said, at the Players Club in New York, one night, "I know I ought to go home and get to work, but I'm not going to let my will power get the best of me."

My friend, Homer Croy, says that Don was easily the most popular member of that club. And when Don died, they held a memorial for him in one of the biggest theaters in New York. Seats sold for \$5, \$10 and \$15. There wasn't a vacant seat in the house! The memorial consisted not of mournful eulogies, but of entertainment that made the audience laugh.

Don would have preferred it that way, and Christopher Morley, the chairman, and one of Don's prized friends, knew that. So they laughed at what Don had written and said. They had such a good time that after the curtain fell, they were reluctant to go home.

"It was," said one friend, "as if we were now saying goodbye to Don for the last time."

People who had never met before hung around talking together about this great artist of the literary world.

What a wonderful tribute to a fine man!

Colin Campbell To Stage Manage World Federalist Plays July 8, 9

Colin Campbell of Saratoga will serve as stage manager for three one-act play productions on July 8 and 9 in Los Gatos High School Auditorium, taking charge of the difficult synchronization of mechanical effects which appear to the audience to be smooth and without effort. Mr. Campbell's chief assistants will be Jeanette Jones and Doris Frank, and a large crew of workers are giving their time and skill to sets, costumes, properties, and the thousand-and-one details upon which actors and plays actually depend.

A large group of Los Gatos and Saratoga people have volunteered for these activities and are preparing memorable productions of the three one-act plays. Miss Dorothy Johnston, director, many of the actors, and many of those on production crews, are United World Federalists; many are not members, but all are working together in this community project for the furtherance of world peace.

Jojo Cunningham, a comparative newcomer to Los Gatos, comes to us with a great deal of theatre experience and a fine bass voice, to appear in "The Sweetmeat Game." Miss Johnston also announces that Gilbert Hofling, Olga Newby, Joe Donovan, and Monty Hawks have joined the cast of "Hands Across the Sea."

Firecracker Card At Speedway

The San Jose Speedway continues its endless chain of "firsts" this weekend as it explodes with a midjet "Firecracker Sweepstakes" Sunday, in addition to its hot rod program Friday. Time trials on both days start at 7 p.m., with races beginning at 8:15.

Sunday night's Firecracker Sweepstakes will include the regular midjet racing card fattened with a main event of 5 laps. The usual main event is 25 laps. A field of 14 cars will compete in the feature race.

Midjet drivers are eagerly looking forward to the big race since they feel a pilot's skill is better exhibited and used in a long race. On deck Sunday will be the track's leaders, Jerry Piper, Woody Brown, Dickie Reese and the amazing Freddie Agabashian.

George Pacheco and his roadster colleagues return to the Speedway Friday night after a 2-week absence. George will undoubtedly have another rugged evening

ISSUE

\$56,000.00 principal amount, consisting of 56 bonds of the denomination of \$1,000 each, numbered 1 to 56 both inclusive, all dated August 1, 1949.

INTEREST RATE

Maximum five per cent (5%) per annum, payable annually for the first year on August 1, 1950 and semi-annually thereafter on August 1 and February 1 in each year.

Bidders must specify the rate of interest which the bonds hereby offered for sale shall bear.

Bidders will be permitted to bid different rates of interest and to split rates irrespective of the maturities of said bonds. The interest rate stated in the bid must be in a multiple of one-quarter of one per cent per annum, payable as aforesaid.

MATURITIES

Said bonds mature serially in consecutive numerical order, from lower to higher, on August 1 in each year, as follows:

Principal amount — Maturity
\$6,000.00 principal amount on August 1, 1950; and \$5,000.00 principal amount in each of the years 1951 to 1960 inclusive.

PAYMENT

Both principal and interest payable in lawful money of the United States, at the office of the County Treasurer of Santa Clara County, in San Jose, California.

REGISTRATION

Coupon bonds will be issued by said Board of Supervisors on behalf of said Cambrian School District.

Said bonds are registerable only as to principal and interest.

PURPOSE OF ISSUE

Said bonds were authorized at an election held in said District on May 31, 1949 to be issued and sold for the purpose of raising money for lawful school purposes.

SECURITY

Such bonds are general obligations of the Cambrian School District of Santa Clara County, State of California, and the Board of Supervisors of Santa Clara County has power and is obligated to levy ad valorem taxes for the payment of said bonds and the interest thereon upon all property within said Cambrian School District subject to taxation by said Cambrian School District (except certain intangible personal property, which is taxable at limited rates), without limitation of rate or amount.

TAX EXEMPT STATUS

In the event that prior to the delivery of the bonds the income received by private holders from bonds of the same type and character shall be declared to be taxable under any Federal Income Tax Laws, either by the terms of such laws or by ruling of a Federal Income Tax Authority or Official which is followed by the Bureau of Internal Revenue, or by the decision of any Federal Court, the successful bidder may, at its option, prior to the tender of said bonds by the Board of Supervisors, be relieved of its obligation under the contract to purchase the bonds, and in such case the deposit accompanying its bid will be returned.

LEGAL OPINION

The successful bidder must obtain legal opinion, approving the validity of said bonds, at its own expense.

A certified Transcript of the proceedings for the issue of said bonds will be supplied by the District without cost to the bidder.

TERMS OF SALE

Highest Bid: The bonds will be awarded to the highest and best bidder considering the interest rate or rates specified and the premium offered, if any. The highest bid will be determined by deducting the amount of the premium bid (if any) from the total amount of interest which the District would be required to pay from August 1, 1949 to the respective maturity dates thereof, at the coupon rate or rates specified in the bid, and the award will be made on the basis of the lowest net interest cost to the District. The lowest net interest cost shall be computed between the dates aforesaid according to standard bond interest tables. The purchaser must pay accrued interest from August 1, 1949 to the date of delivery. The cost of printing the bonds will be borne by the District.

Right of Rejection: Said Board of Supervisors reserves the right in its discretion to reject any and all bids, and to waive any irregularity or informality in any bid.

Prompt Award: The Board of Supervisors will take action awarding the bonds or rejecting all bids not later than twenty-four (24) hours after the expiration of the time herein prescribed for receipt of proposals; provided that the award may be made after the expiration of the specified time if the bidder shall not have given the Board of Supervisors notice in writing of the withdrawal of such proposal.

Prompt Delivery: Delivery of said bonds will be made to the successful bidder at the office of the County Treasurer of Santa Clara County, in San Jose, California, as soon as the bonds can be prepared, which is estimated to be August 1, 1949.

Right of Cancellation: The successful bidder shall have the right, at its option, to cancel the contract of purchase if the bonds are not tendered for delivery on or prior to September 1, 1949, and in such event the successful bidder shall be entitled to the return

of the deposit accompanying its bid.

Form of Bid: All bids must be for not less than all of the bonds hereby offered for sale, and for not less than the par value thereof and accrued interest to date of delivery. Such bids, together with bidder's check, must be enclosed in a sealed envelope, addressed to the Board of Supervisors of Santa Clara County, and endorsed "Proposal for Bonds of Cambrian School District of Santa Clara County."

Bid Check: With each bid must be submitted a certified check or cashier's check for \$1,000.00 drawn on a bank or trust company authorized to transact and transacting business in the State of California, payable to the order of the Treasurer of Santa Clara County, to secure said Cambrian School District from any loss resulting from the failure of the bidder to comply with the terms of its bid. In addition, bidders are requested (but not required) to supply an estimate of the total net interest cost

to the District on the basis of their respective bids, which shall be considered as informative only and not binding on either the bidder or District. Checks of the unsuccessful bidders will be returned upon the ward of the bonds. No interest will be paid upon deposit made by the successful bidder.

GENERAL INFORMATION

There is no controversy or litigation pending or threatened concerning the validity of the above issue, the corporate existence of said District, or the title of the officers to their respective offices. THE NEW MILLION DOLLAR TRAIN WITH THE MILLION DOLLAR VIEW

Shasta Daylight

SAN FRANCISCO • OAKLAND • BERKELEY

TO PORTLAND...\$12 PLUS TAX

STARTING JULY 10. Southern Pacific's brilliant new streamliner Shasta Daylight makes its "maiden voyage" to Portland on Sunday, July 10. And daily thereafter.

Leaving in the morning, it arrives in Portland that evening—by far the fastest running time in history to Portland.

Meanwhile our popular S. P. Daylight bargain fares have been extended to Portland, giving you a fast luxury train at new low fare. \$12. San Francisco-Oakland-Berkeley-Portland! Low fares from other points too.

Through big "Skyview Picture Windows" of this dramatic red-and-orange dayliner you'll really see the wonders of Shasta Route... 14,161-foot Mt. Shasta, Lassen Peak volcano, Shasta Dam's Lake, Pit River Bridge, Sacramento River Canyon, Odell Lake, Cascade Mountains, Willamette River... all by day!

On the Shasta Daylight, like our California Daylights, there's a seat reserved for you without charge (for each child, too). It's foam-rubber, reclining, dreamy.

You'll enjoy other Shasta Daylight features: "windowpanes that breathe" for clear vision, our famous S. P. baggage elevators, zone-controlled no-draft ventilation, "feather-touch" doors that obey the whim of your finger... and beautiful colors of this train inspired by the route it serves.

Each Shasta Daylight (diesel-electric) has 9 chair cars, diner, coffee shop (always open), tavern car, and parlor-observation. Built for by Pullman-Standard Car Mfg. Co. Nearly \$5,000,000 spent to give you a new, fast, scenic, bargain way to travel on the Pacific Coast!

WORK BEGINS ON "SUPER INCH"

Natural gas from fields in Texas and New Mexico will be piped into Pacific Gas and Electric Company's system in Northern California upon completion of the 1600-mile, \$150,000,000 "Super Inch" gas line. Work is now underway on P.G. and E.'s 506-mile, 34-inch diameter section of line (solid), the largest diameter line ever built anywhere for the high pressure transmission of natural gas. Ultimate deliveries will exceed 400,000,000 cubic feet daily. El Paso Natural Gas Company lines (dotted) will deliver gas to P.G. and E. at the California-Arizona border.

GROUND BROKEN ON SUPER INCH GAS PIPELINE

Ground was broken Wednesday on the "Super Inch" pipeline over which Pacific Gas and Electric Company will bring gas 1600 miles to Northern California from fields in Texas and New Mexico.

Trenching machinery and construction crews launched the project today near Llanada in the Panoche Hills 33 miles south of Hollister. A new 33½ ton trenching machine, 10½ feet wide by 50 feet long, the biggest wheel-type trencher made, sank its teeth into the Panoche Hills with a bite 44 inches wide and 5½ feet deep.

The initial section of line to be constructed will be an 80-mile link from the ground-breaking point northward to Milpitas. Upon completion this section of the line will become a temporary underground gas storage facility until such time as the rest of the Super Inch is ready for service.

PG&E's 506-mile section of the line will be 34 inches in diameter, the largest diameter pipeline ever built anywhere for high-pressure transmission of natural gas. Approximately 30,000 tons of steel pipe will go into the northern 80-mile end of the Super Inch. Alexander D. Spratling, project supervisor for PG&E, said that approximately 250 men will be employed on the project when fully organized.

The Super Inch will cost PG&E and the El Paso Natural Gas Company, of Texas, approximately \$150,000,000. The El Paso Company will build from the fields to the California-Arizona border at Needles, and PG&E will build from Needles to Milpitas.

First deliveries of 150,000,000 cubic feet of gas per day are scheduled to begin January 1, 1951. In 1952, it is planned that deliveries will jump to 300,000,000 cubic feet daily, and additional increases are contemplated thereafter.

The 300,000,000 cubic feet a day due in 1952 amounts to more than half the present average load in the area served by PG&E.

Mac's Market Noses Out Gravel Team For Lead

Western Gravel was edged out from first place in the Graham League Wednesday by Mac's Market softballers in a 2-1 final before an SRO crowd at Hoover field.

The market men tallied their winning two runs in the game's first inning. Mac McCulloch singled, then was brought in to score on a triple by George Colla. Colla scored on a single by Frank Davilla.

Pitchers Jess Smith of Mac's and "Chesty" Miller of Western Gravel each allowed four hits. Western Gravel scored its run in the third inning, with Rodriguez making the home plate.

Bingo Tonight

A public bingo party will be sponsored this evening at 8 o'clock by St. Lucy's Evening Guild. Mrs. Joseph Anello is chairman of the arrangements. Refreshments will be served by the committee in charge. Proceeds of the party will go towards St. Lucy's building fund.

The public is invited to attend this party in the temporary parish hall at the rear of the parish house on Rincon Avenue.

New Members Receive Degrees At Grange Session

At the last regular meeting of Cupertino Grange, eleven new members, including two from Mt. Hamilton Grange, received first and second degrees in ceremonies conducted by the Mount Hamilton all men's degree team. Marietta Dobel, team captain, was in charge. The team received hearty applause of the members and the guests for their excellent work.

A large number of visitors was present from Mount Hamilton, Almaden, San Jose, Coyote and Mountain View Granges. Among the guests were Mr. and Mrs. Charles Swanson, Pomona master and Home Economics chairman, respectively; Ed Short, Pomona lecturer; Mrs. Harry King, Pomona chaplain; San Jose Grange Master Harry Abbott and Mrs. Abbott; Mount Hamilton Master Terry Rowe and Mrs. Rowe; Coyote Past Master Chris Andersen and Mrs. Andersen.

Mr. Swanson gave an interesting talk on work of the Santa Clara County Grange Credit Union which was recently organized. Other visiting officers spoke briefly on subjects related to Grange activities and on the work of the degree team.

Grange officers wore their new regalia which was presented to them by the Home Economics Club. Funds for the regalia were raised at a recent chicken dinner given by the group.

Approximately 90 members enjoyed refreshments of cherry pie and coffee served by the refreshment committee which included Mr. and Mrs. John Corp, Mr. and Mrs. Fred Grevstad and Mr. and Mrs. Lester Breeding.

The new members will receive their third and fourth degrees in short form at the next meeting Friday, July 8.
